FAQ

WHY SHOULD I PUT MY CHILD THROUGH A MEDICAL EXAM? IS IT TRAUMATIC?

- Medical exams help to eliminate any concerns or worries about the child's health and future. It can also potentially provide evidence in an investigation. The medical room is child friendly and comfortable. Non offending caregivers are allowed to accompany the child to the exam. With the use of a colposcope, our medical exams are pain free and non-invasive. A colposcope is a bright magnified light used to visualize the tissue of the genitalia to detect possible injury or scarring.

14TH ANNUAL GOLF TOURNAMENT

- The Annual Golf Tournament Fundraiser for our Monett Center was a big success! Despite the sun and the heat, Barry and Lawrence County golfers turned up to show their support for the Children's Center. We want to thank all of the sponsors, volunteers, and golfers who made this event a success! We would not be able to serve the children in our communities without the generous support of our donors. A big thank you to our Title Sponsor, Jack Henry & Associates!

FUN STUFF

- We have finally left the dark ages! Children and families can now enjoy Netflix at all of our center locations while they wait!
